## Estate Syrah 2016

### Notes:

The southwest facing 7-acre hillside Syrah is planted in rocky, well drained, volcanic soils. Open top, with 10% whole cluster fermentation gives this wine intriguing aromatics with layers of herbs and spices. The approach is soft with ripe blackberry, warm blueberry, and a savory meat quality. Richness on the pallet is enhanced by the gunpowder and graphite flavors in combination with the seamless tannins and lasting finish. This is a pure expression of Sonoma County Syrah. *\*Highest price per bottle at 2019 Sonoma County Barrel Auction\**

### Technical Information:

98% Syrah, 2 % Cabernet Sauvignon  
10% whole cluster  
Open top fermentation

Alcohol: 15.4%  
pH: 4.0  
TA: 5.88

*2 Barrels produced*

*45 Cases produced*

### Reviews:

'Rich, powerful, and medium to full-bodied, it has some classic Syrah meat and bloodiness as well as beautiful dark fruits, subtle bacon fat and pepper, background oak, and a salty, mineral-laced finish.
