## Estate Cabernet Sauvignon 2017

### Notes (update 9/15/23):

Still very much in its youth, but just beginning to open up and give us more depth. Blackberry, black cherry and boysenberry and set against a backdrop of thyme, anise, and a peppercorn melange as this wine starts to open. The tannins, while still very present, are just beginning to soften making it much more approachable from the moment you begin to pour it. This wine is just getting started, but we love seeing it where it is. Enjoy today or easily for the next 10 years.

### Reviews:

'Has plenty of depth and purity in its ripe blackcurrant fruits and spicy, tobacco, mineral-laced aromas and flavors. Full-bodied, concentrated, and powerful on the palate, it has . . . a great mid-palate, and the depth and structure'
